

Marmara

MARMARA is multi-color paint for decorations of internal walls.

Product Characteristics:

- Color: White base and colorants on demand as requested.

Technical Characteristics:

Binder:	Co-polymer Styrene Acrylic
Diluter:	Water
Density:	1 – 1.1 kg / liter
Drying Time:	8 – 10 hours (at 25° C and relative humidity of 65%)
Maintenance:	Regular detergents

How to Use:

- Surface should be dry, clean and free from dust and grease. Any defects in the surface should be treated before work.
- Apply a primer coat.
- MARMARA is applied using big brush in a wavy piecemeal manner to get the desired effect. Large areas should be divided into appropriate areas.
- Finish with the product-specific finishing tool (with plastic edge) to get the desired effect.

N.B. To avoid color deviation from one batch to another, only use the same batch number in the same area, In the case of necessity to work with a different batch, apply one package and the color is checked before working with the rest of the quantity.

Storage: 12 from the date of production in the original closed packs.
